MEMBER NEWSLETTER

From the President

By Brienna Schuette, Club President

Happy New Year, Dellwood Country Club Members,

I'm your new Country Club President, and I am bad at golf. Real bad. There. I said it. Now everyone knows. And, you can't say I didn't tell you so.

While my seriously Scottish genetics are clearly recessive when it comes to aptitude on the golf course, I assure you that what I lack in skill, I make up for in fun.

If you golf with me (and I welcome you to) I guarantee I will whack the ball all over the gosh-darn place, but I promise to make you laugh, keep pace, and count every. single. one. of. my. strokes.

In addition to being a no-talent golfer, I am new to the country club lifestyle. My husband Sam, our two boys, and I joined Dellwood in April of 2021. I didn't grow up golfing at a club, hanging by a resort-style pool or eating world-class meals made by the best chef and culinary crew in town. These are luxuries I'm forever grateful to have earned the opportunity to enjoy.

Sam, the boys and I use nearly every feature and benefit the club offers. Most often, you'll find us: wearing the finest apparel from the Pro Shop dressed up like hooligans to golf in Friday evening couples events; hitting the links trying to keep our boys from hijacking our golf carts during family tee times, splashing around praying the boys' cannonball tsunamis don't fill another member's cocktail with chlorine water at the pool; or dining together mitigating mid-dinner meltdowns on the beautiful updated patio. My personal favorite DCC activity is women's golf night. What a kind, fun and talented group of women I've gotten to know through this Thursday evening tradition!

If you're still reading, it's likely you're thinking: you're bad at golf; you're new on the scene; and you sound like some sort of country club misfit. So, why on Tim Lawin's green earth are you teed up to be president for the next two years?

In all seriousness, it's my hope that my background in public relations and marketing in entertainment and events, along with my love for all that Dellwood Country Club offers is a secret sauce for being a member-leader who can strengthen the welcoming, family atmosphere Dellwood is known for while initiating tangible change that positively impacts all members and our community.

Our advisory committee has spent the better part of the last year under the direction of Past President Mark Richman and General Manager Pete LaCoursiere defining the mission and purpose of a committee made up of dedicated member-leaders in a club owned by a sole proprietor; asking questions like, how can we make a difference when we don't control the purse strings or have complete decision-making authority? (Believe me, I'm grateful not to have either.)

What we determined is that our group exists to be the "eyes and ears" of the club; a voice for all members with a direct line to DCC leadership; and a catalyst for making constructive change a reality. Now that the advisory committee has defined its purpose, you may be asking, what's next and what are you going to do now?

While the advisory committee doesn't control budgets or approve capital improvements (again, thank God), what we can control is how Dellwood Country Club makes people feel. I'll bring leadership that builds on DCC's strong sense of community, deliberately benefits the club's social atmosphere, and positively impacts the communities and neighborhoods that surround the course. That's my personal mission for the next two years.

Please take a moment to learn more about your 2024 Advisory Committee, who is highlighted in the next couple of pages, which includes links to send them an email should you wish to reach out directly.

Yours in bad golf,

Brienna

If we didn't have a chance to catch you at any of our festive gatherings over the past few weeks to wish you and your family a Merry Christmas or Happy New Year, we genuinely hope you had the best of both! Our last day of 2023 was celebrated at the Club with an expansion on something we intended to make a new tradition out of a year ago - the New Year's Eve Brunch + Sleigh Ride event. We had nearly 200 members, children & guests enjoy this daytime event which even included a freshly snow-dusted golf course to make for the perfect sleigh ride. Another new twist to wrap up our year was the Week of Winter Elegance in our restaurant. We were at or near full capacity for four consecutive nights leading up to Christmas Eve. Chef Peter put together some incredible specials to go along with entertainment organized by Katie & Brita. We saw hundreds of our Members welcome family and friends to the Club throughout the week, making this a tradition we'll certainly carry into 2024.

As the year ended, I had opportunities to meet individually with our department heads, as well as gather as a group of directors & managers, and as an entire staff in an annual EOY staff gathering. Each of these had their own approach, but all shared an underlying purpose: to make 2024 our best year yet. For our all-staff meeting, we provided a general picture as to where we are at as a Club, who our Members are, what our core focuses are, and where we want to be as a group in a year. For an industry overwhelmed by high turnover, both historically and even more recently, we're fortunate to have retained much of our core group over these past few years. I'm grateful for our teams committment to this Club and its members, and am joined by all of our leaders when I say our vision is to continuously improve.

Our current state presents a new set of challenges as we encounter some firsts along the way. Capacity, whether that's on the golf course, at the pool, or in the restaurant, has not always been an issue. In many cases throughout the years it was quite the opposite, where fewer members and less activity led to operational losses and cutbacks in a number of areas. We continue to strategize both internally and with the help and support of our Advisory Committee, to fine-tune our operation and to provide the best experience possible for our Membership.

To those that have gone out of their way to connect with me or other members of our management team, whether through email or in-person, to share both amazing and less than satisfying experiences, THANK YOU. We draw from all of these and they become testaments to our practices or adversely, provides us necessary information which allows us opportunities to improve.

After a fall season of typical attrition, we have a limited number of Golf Memberships still available for the upcoming golf season. Our membership acts as the best marketing tool out there, and we love welcoming new Members that were introduced to the Club by existing Members. We're happy to pass along referrals to Members who facilitate introductions to new potential Members in the form of Golf Shop credit of \$250-\$500 (based on Membership type) for all incoming Golf Members that were first introduced to us by referral. If you have someone that you think would be a great addition to our Club, please let us know!

We hope that our event calendar for the season has multiple offerings for each and every one of you and that you are able to partake! We have worked hard to put our 2024 Calendar of Events together (included in this Newsletter) and will also have Junior Sports Registration coming available by THIS Friday! This will come in a seperate communication piece so for those interested - keep an eye out!

2023 was a year for the books. As I look forward to 2024, I can't help but to focus on mindset, the driving force in the quest for success and achievement. A mindest that combines discipline, strength, confidence and ambition is powerful. This can achieve anything it sets its sights on and a powerful mind can achieve anything! This can be true both peronally and professionally. We started DCC Book Club this past year amongst management staff, and it has been an amazing tool for us to collaberate and find ways to make this Club one that you are all proud of. We are always learning and growing, and we thank you, our members, for making this a place that is so fun!

Our Toys for Tots campaign was a huge sucess this year! Thank you to all of our members for dropping off toys. With your help, we were able to donate a total of 144 toys to those who needed it most! I have to say that it made my heart so happy to see all of you bringing in toys with your families, and showing your children the importance of giving.

Wishing you and your families endless blessings this year.

Director of Banquets & Events

Hello and Happy New Year Dellwood Country Club,

As I sat down to write this New Years Newsletter to you all, I find myself with butterflies of excitement for all that we have planned for 2024 in the way of events, activities, and entertainment. There is a calendar of events in the following pages of this newsletter that will outline some of the key DCC happenings for the 2024. We plan on keeping the DCC traditions in que, and adding some new fun. One thing that most certainly will not change is the culinary team continuing to keep our tastebuds on their toes, and the food and beverage services keeping everyone feeling special and well taken care of.

There is a second feeling right behind the butterflies of excitement that is just as exciting, the feeling of feeling supported. Let me explain.....

At the start of the year, what do many people do professionally and/or personally? We look at the past year, the year to come, our goals, and in most cases all this translates into the measurement of our successes. It feels good to feel successful! One of my favorite quotes regarding success is:

"Succes is no accident. It is hard work, perseverance, learning, studying, sacrifice, and most of all LOVE of what you are doing or learning to do" -Pele

I was reading this today, and I can say that without looking at the past year's numbers, goals, and data, that our past year was a success, and I am truly looking forward to a successful 2024. I am confident to call 2023 a success because of the support we see in membership attendance, and the feedback we receive from our membership and guests at our events, and in the club's gathering spaces. Of course, there is always work to be done, and learning to be had along the way, but that is what makes the world of Country Club Events exciting!

This is close to my second year here at DCC. Since day one, the staff and membership have been supportive of all happenings and events. To continue to have you, the membership, show up, and truly enjoy yourselves, is why we do this! I speak for the entire DCC team when I say, we want Dellwood Country Club to be a place to gather, relax, have fun, enjoy amazing food and beverage, and to create memories that make positive and lasting impressions.

I look forward to seeing you all at events and activities to come in 2024. And, as always, please do not hesitate to call Sarah or I, to assist in any private or corporate gatherings you may want to host here at the club.

Please note as you read the 2024 calendar, there is more information to come soon. And, we reserve the right to add fun events throughout the year! So, stay tuned! We will be sure to include event sign-ups in advance with as many communication types as possible, including the Foretees App, and The Connection from our General Manager, Mr. Pete LaCoursiere.

Cheers to 2024 and see you all at the Club!

Katie Boyd

I don't know about you, but this year flown by! I always find the time between Christmas and New Years' to be incredibly reflective for me. I reflect on what I've accomplished this past year, reminiscing on memories and experiences, as well as making new goals for the next year. This is something I've practiced over the last few years and I love doing it. I encourage you all to try this too! It's fun to see each year what I completed and what is still on the list.

As we head into 2024, we as a team are always looking for ways to attract different demographics to events, dream up new experiences for our membership, and continue to create a fun and loving atmosphere at DCC. We will be releasing our full 2024 event calendar shortly so be sure to check out some popular dates such as – Easter/Egg Hunt days, swimming lesson start up, and of course our plethora of golf events for the whole family. We have received some feedback from our advisory committee mostly regarding our calendar of events. It's our understanding that the more information we can release early, the better! So this is a huge reason why we are releasing the calendar at the beginning of the year. We want everyone to be able to attend our incredible events, and we look forward to making memories with your families throughout the year!

As always, if you have ideas on events or fun drinks you'd like to see be a part of your experience at DCC, please let us know! Herman, James, Katie, and Sarah and I work closely all year long to provide the best possible to all our wonderful members. I hope to see you more of all of you in 2024!

Cheers,

Brita

Dear Members,

I hope all of you had a wonderful holiday season. It was great to see so many of you out enjoying the club dining and special events!

As we move into the New Year, we have some exciting things planned for you. We will be offering monthly dining specials in the grill, starting this month. Be sure to check out the grill for some delicious food and great cocktails. We aim to utilize social media and our Weekly Connection to highlight these specials as we roll them out. Please let us know if you are not receiving this information!

We are also planning some fun member events this winter, including a Tapas & Tequila <u>night on January 26th.</u> This is sure to be a great time, so mark your calendars!

In addition, we will be starting a Breakfast Bar in the Grill on Saturdays and Sundays, beginning January 20th. More details will follow soon.

Thank you for being a part of our Club dining and events.

Wishing you a happy and healthy 2024!

- Chef Peter

Happy New Year!

As we roll into 2024, we have winter fitting days set up for our members here at Dellwood CC. This is an exciting time of year for the club manufacturers as they launch their 2024 product for consumers during this year's PGA Show in Orlando. If you have been thinking about getting fit for new clubs or want to see how the new product compares to your current product, this is the time to do it. Here are the fittings days that we currently have scheduled and if you would like to be fit, please email clayton@dellwoodcountryclub.com to get fit and let me know what you are looking to get fit for. This helps with the time we need to set aside for each fitting

This past month has been one of the warmest Decembers I can remember and although the ice rink looks more like a swimming pool, we have still been busy. The upside to this warm weather has been that our time has not been spent on snow removal, rink maintenance and grooming trails. We have been able to get quite a bit of tree work done in spite of the holiday break. With the movement of the Emerald Ash Borer into our area we had a descent number of trees die around the course. Without getting snow and the ground remaining frozen we have been able to work much more efficiently in taking these trees down and getting most everything cleaned up. This will also reduce course cleanup come spring. Our initial focus has been removing the trees that are inside the white stakes. The second phase will be to start on the trees that are within the club property but are not in play. Currently we have 4 trees left to finish in the first phase of tree work. About 2 years ago when the EAB started to move into the area we started to treat 20 Ash that we felt were either focal trees or important as protection from ball flight. These trees have responded well to treatment so far and will need to continue treatments ever two years.

The start of the New Year will bring the addition of a new team member for the Grounds Crew. We are excited to introduce Nick Gunderson who is joining us in the role of Second Assistant. Nick grew up in the Centennial school district and is currently living in Harris. He has just finished his Turf education through Penn State University. Nick was a high school golfer for Centennial High School and began his golf course work at the TPC in Blaine where he decided to pursue a career in Turfgrass Maintenance. This past year he did his internship at Chisago Lakes Golf Course. Nick is excited to get started and will come on board January 2nd.
